Profile

I am a dynamic digital transformer who focuses on human rights, diversity, inclusion, and digital creativity. I have been working as a marketing and communications specialist for more than seven years in local and international non-profit organizations. For me, communication and digital platforms are like ropes connecting people closer and also spreading positivity.

PERSONAL PROJECTS

- **Food Blog for Stockholm Region**
  02/2021 - present

  Everything on the earth has its mission to complete, and so does my small blog. The blog represents me to tell you about our food adventure & tries to satisfy your food cravings in all categories. All the posts will take you to discover various local restaurants with detailed reviews as objectively as possible. Now, the food blog channel has gained more than 1500 followers and keeps growing as the community's favorite channel.

- **Filming a Documentary for Vietnam National Television**
  01/2022 - 02/2022

  Having a contract with the biggest show during Tet Holiday 2022, we focus on the topic, which tells a story about Vietnamese living in Sweden. My partner and I came to their house and filmed the documentary about how they inspired and taught their kids the Vietnamese language, even though they hadn't had a chance to return to Vietnam.
